Subject: UTCVM First Annual Charity Golf Classic

We would like to invite you to participate in The University Of Tennessee College Of Veterinary Medicine Class of 2014's first annual UTCVM Golf Classic Saturday April 9, 2011. All proceeds from this event will directly benefit Tiger Haven. We are all very excited about this event and hope to make this an annual charity golf tournament.

Tiger Haven is a nonprofit "no kill" sanctuary and rescue facility for over 200 big cats, much like an animal shelter for dogs and house cats. The cats that come there for sanctuary are given a permanent home for life. They are not sold, not given away, and Tiger Haven does not breed the cats or make them work for a living. Our hope is to bring awareness and education about Tiger Haven's mission. All of the cats at Tiger Haven have come from captive situations. None were taken from the wild. They only take a cat when it is in danger or living in an unhealthy or neglectful situation. The cats are usually referred to them by regulatory agencies and other institutions such as the Humane Society, SPCA or local authorities. The veterinary Class of 2014 would like to join with Tiger Haven in educating the public about their purpose not only to show the atrocious situations in which many captive big cats must live, but also why those situations exist, and to not only show the problems, but also to offer possible solutions to the problems.

The tournament will be held at Rarity Pointe Championship Golf Course which takes pride in its uniqueness of their Audubon Signature Course. The format will be a shotgun, four person scramble that is flighted. The tournament is open to all alumni, students, faculty, all affiliates of the University of Tennessee, and Tiger Haven.

We hope that you share our excitement and will join us in this charity event. The event will provide you with a wonderful advertising opportunity for your company. Thank you.

Sincerely,

UTCVM Class of 2014
